Who's Who in Center Line and Warren Michigan Area

Listed with their accomplishments if known.

**This should be expected of every adult and taught to every child and made the human law for all.
If harmers were punished, we could have a wonderful world.**

FREEDOM OF SPEECH AND MEDIA SAFEGUARD FREEDOM.

Our Constitution and Universal Declaration of Human Rights gives us many Freedoms.
Where they censor speech, information and books they will take away your freedom.

FREEDOM ISN'T FREE, MANY DIED FOR YOURS. We veterans all of which gave some and many gave all remind you to: Be vigilant and be prepared to fight threats to your freedom. There are many here who are secretly against our way of life. Remember 9-11, Boston massacre, Detroit bomber, etc.

And there are the greedy 1% who have excessive wealth yet won't pay the 99% a living wage. And many corporations make big profits but pay very little taxes. But the wealthy and corporations need to pay living wages to workers. In America we have the resources to provide everyone with adequate good food, clothing, shelter, affordable housing, medical care, education, training for jobs, and employment.

At this time in history poverty is unnecessary, and unacceptable. No child should be without adequate food, clothing, shelter, medical care and good education.

Automation is here like it or not. Machines with computers and AI are replacing humans now and this will happen to most jobs. We need to have the government put up solar panels nationwide to get free power daily. Have the electric companies buy this free power and put the huge profit into a fund and then give

every citizen an equal financial credit. This could provide at least. minimum income for all citizens including children. All would still be free to work. Automation is already happening now and jobs are going to machines.

Wise management and science can solve problems. Why not have abundance for all?

In this Who's Who are listed young men and women. our brothers and sisters who have given their lives to pre-serve human rights and freedom around the world. We honor their memories and service. Some of them died in attacks such as did over 3000 innocent Americans in the 2nd WTC attack on 9-11 (the 1st was 2/26/93). Many more have been killed in additional attacks such as Boston massacre, mall bombers, road bombers, aircraft bombers etc. Remember the under-wear bomber over Detroit. (If his bomb hadn't fizzled hundreds in Detroit Area may have been killed.) Why have there been thousands of attacks (see Attacks in USA for actual list of attacks) on in-nocent people since 9-11 all over the world virtually all by members of the Terrorist Religion? This is an ideology which has been proven by their actions to be a growing threat to us, is anti human rights, anti equal rights for women, and anti US Constitution. Don't take our word for it just look at their actions in other countries. See for yourself at <http://www.thereligionofpeace.com/> Stop the killing. Stop the bombing. Stop the abuse of women. Stand up for freedom of speech and our Constitution. This is historically significant. Saving the lives of our children is important.

The following message from the grave stands out.

**DO GOOD WHILE YOU STILL CAN,
BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,
as I am now you soon will be, prepare thyself to follow me,
USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

This book is not for sale. It is free to all. Note: This is a work in progress more needs to be recorded. All research is donated to our community without charge for the preservation of our history to future generations. The purpose is so that they can learn from it so they need not repeat the mistakes of the past and to preserve our Freedom.

Dillon, John lived on Sherwood by Munn Engineering and was one of the most colorful characters in the area. He was involved in many projects. When he went on trips He loaded his Iceta (a very small car) into the back of his International Harvester truck. He was a long time scout leader in Center Line and in the Detroit area. Later his wife Clara became a scout leader. He inspired many of our youth with common sense. He used to recite a poem about Mad Michael who used to rummage about the village garbage heap looking for pots without their spouts. Thru his leadership many of us went on international camping trips with Canadian scouts.

He was also the funeral director who exhumed the Bunert Pioneer Cemetery. He stated that there were pioneer families buried there and that the cemetery was on the state cemetery register at that time as the green Weier Bunert Cemetery. I checked the Michigan State Archives and it appears that that record book is now gone. Some 40 bodies were removed.
