

**Recognizing those who helped with the betterment of our community.**

**Names starting in K** estimated 2,200 names  
**Who's Who in Center Line and Warren Michigan Area**  
**Listed with their accomplishments if known.**

**This should be expected of every adult and taught to every child and made the human law for all.  
If harmers were punished, we could have a wonderful world.**

**FREEDOM OF SPEECH AND MEDIA SAFEGUARD FREEDOM.**

Our Constitution and Universal Declaration of Human Rights gives us many Freedoms.  
Where they censor speech, information and books they will take away your freedom.

**FREEDOM ISN'T FREE, MANY DIED FOR YOURS.** We veterans all of which gave some and many gave all remind you to: Be vigilant and be prepared to fight threats to your freedom. There are many here who are secretly against our way of life. Remember 9-11, Boston massacre, Detroit bomber, etc.

And there are the greedy 1% who have excessive wealth yet won't pay the 99% a living wage. And many corporations make big profits but pay very little taxes. But the wealthy and corporations need to pay living wages to workers. In America we have the resources to provide everyone with adequate good food, clothing, shelter, affordable housing, medical care, education, training for jobs, and employment. At this time in history poverty is unnecessary, and unacceptable. No child should be without adequate food, clothing, shelter, medical care and good education.

Automation is here like it or not. Machines with computers and AI are replacing humans now and this will happen to most jobs. We need to have the government put up solar panels nationwide to get free

power daily. Have the electric companies buy this free power and put the huge profit into a fund and then give every citizen an equal financial credit. This could provide at least. minimum income for all citizens including children. All would still be free to work. Automation is already happening now and jobs are going to machines.

Wise management and science can solve problems. Why not have abundance for all?

In this Who's Who are listed young men and women. our brothers and sisters who have given their lives to pre-serve human rights and freedom around the world. We honor their memories and service. Some of them died in attacks such as did over 3000 innocent Americans in the 2nd WTC attack on 9-11 (the 1st was 2/26/93 ). Many more have been killed in additional attacks such as Boston massacre, mall bombers, road bombers, aircraft bombers etc. Remember the under-wear bomber over Detroit. (If his bomb hadn't fizzled hundreds in Detroit Area may have been killed.) Why have there been thousands of attacks (see Attacks in USA for actual list of attacks) on in-nocent people since 9-11 all over the world virtually all by members of the Terrorist Religion? This is an ideology which has been proven by their actions to be a growing threat to us, is anti-human rights, anti-equal rights for women, and anti US Constitution. Don't take our word for it just look at their actions in other countries. See for yourself at <http://www.thereligionofpeace.com/> Stop the killing. Stop the bombing. Stop the abuse of women. Stand up for freedom of speech and our Constitution. This is historically significant. Saving the lives of our children is important.

**The following message from the grave stands out.**

**DO GOOD WHILE YOU STILL CAN,  
BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,  
as I am now you soon will be, prepare thyself to follow me,  
USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

This book is not for sale. It is free to all. Note: This is a work in progress more needs to be recorded. All research is donated to our community without charge for the preservation of our history to future generations. The purpose is so that they can learn from it so they need not repeat the mistakes of the past and to preserve our Freedom.

Online Obituaries for the Troy, Royal Oak, Clawson &  
Shelby Township MI Area

Lawrence "Pete" V. Kaltz, age 91, of Harrison, formerly  
Center Line, Michigan passed away January 7, 2014.

He is survived by his wife, Florence of almost 58 years.

Also his children; Larry (Kathy) Kaltz, Marty (Eve)

Kaltz, Lillian (Andrew) Shakula, Rob (Dottie)

DeMeulenaene. Also 10 grandchildren and 11 greatgrandchildren.

And his siblings; Rosemary Pokriefka,

Herb Kaltz and Alice (Bob) Evans.

- focused in Human Resource Management. Currently, I am exploring the development & financing of a business opportunity (conceptually developed by myself) in the sports news & entertainment vertical. My wife and I have two girls (Alexis & Lillie).
- He is survived by his wife, Florence of almost 58 years. Also his children; Larry (Kathy) Kaltz, Marty (Eve) Kaltz, Lillian (Andrew) Shakula, Rob (Dottie) DeMeulenaene. Also 10 grandchildren and 11 great-grandchildren. And his siblings; Rosemary Pokriefka, Herb Kaltz and Alice (Bob) Evans.
- I have been a life long resident of Warren. After graduation in 2004 I began my professional career as a Steel Processor at Voss Industries, Voss Lantz(Detroit). In 2006 I made a decision to enlist in the U.S. Army as a Motor Transportation Operator. My first assignment brought me to Fort Hood, Texas & The 4th Infantry Division. I deployed to Operation Iraqi Freedom in March of 2008. During this time I served under the command team as we secured our area of operations

in-part to prepare the region for Iraqi provincial elections held January 31, 2009. Upon redeploying home in March '09, my wife (also an active duty service member at the time, and OIF 08-09 Veteran) & my newborn daughter (Alexis) were reassigned to Joint Base Langley-Eustis, Virginia. While serving at Joint Base Langley- Eustis I was assigned to the 359th Inland Cargo Transfer Company. I worked as the units alternate Operations Non-Commissioned Officer In Charge (Manager); a position slotted two pay grades above my own. In 2010, I worked in support of Operation Unified Response (2010 Haiti earthquake) preparing & loading much of the equipment being sent for support efforts. In 2011 I was sent to the U.S. Army Non Commissioned Officer Leadership Academy where I graduated amongst the top 20% of the class; just short of achieving the Distinguished Honor Graduate Award. My service time came to an end in 2012 when I was medically retired due to PTSD and other injuries identified in 2011 sustained in OIF support 2008-2009.

- I often marvel at the patient and gentle spirit of a man who has approached challenges with optimism and faith. Medical hurdles presented themselves early on and continued to require attention for years and years. Dad along with his right hand lady faced those with a winning and accepting attitude.

Lawrence was a **WWII US Army veteran**. He worked for the **Center Line School district** and also 25 years for the City of Center Line Park & Rec.

#### PORTRAIT OF A HUMBLE AND GENTLE MAN

Petey, Gramps, Dad, Monkey – all pet names for a man of honor, integrity, and faith.

I often marvel at the patient and gentle spirit of a man who has approached challenges

with optimism and faith. Medical hurdles presented themselves early on and continued

to require attention for years and years. Dad along with his right hand lady faced those with a winning and accepting attitude.

Today most people aspire to travel to far away places, live in magnificent houses, drive fine vehicles, and acquire new technologies. Dad delights in his home built by his family

and paid for through his hard work, riding with his boys at dusk to look for deer, and a simple telephone to stay connected. The stories shared by family are often reiterated to other family members so that everyone can share each other's challenges, successes, and current happenings.

Listening to others and really hearing what they say is a lost art. Dad is truly interested in what others care about and truly tunes in to their conversations. A great example occurred when my brother in law listened to Petey describe in finite detail a local restaurant and the fish dinner they serve. The picturesque description went on for a few minutes followed by a short pause and then dad said, "course I have never eaten there but Jim told me about it!" My brother in law cracked up and called to share the story with me. This impressed me with the level to which dad tunes into all that others share with him.

As the years pass and life slows down, dad has gracefully adjusted and found ways to enjoy the beauty of a quiet rain, the wonder of a chirping bird, and most importantly God's word. He continues to whistle each day and be thankful for another day with those he loves. Pete extracts blessings from daily events, stores them in his heart, and shares them with anyone he speaks to. I have been blessed to be his daughter in law for many years. He has taught me to appreciate simple things in life, to love without condition, to be patient in all circumstances, to be thankful for every moment, every person and every situation. Thank you dad for your love and thank you especially for raising the humble gentle man that I married. -Eve Kaltz Funeral Information Visitation will be Friday, January 10, 2014.

**Keffer, Sue** active member of Warren Historical Society. Every Monday evening she could be found organizing work for volunteers for the Warren Historical Society. This club is more of a social club than true historical group. Although they do a fine job maintaining the Warren Historical Gallery they in fact do little of any historical research. Neither are they experts on local history. They do maintain a historical research center which Hubert Leech has organized very well. When ever anyone wants to know where something is just ask Sue. I certainly give her credit for many years of work in this area. Credit given. Date of this writing is March 21 2013 Awaiting Autobiography

**Kern Robert** Apr 27, 2014 After graduation, in 1964 from CLHS, I worked a few jobs in the home area and then on March 15, 1965 joined the USAF. I went from basic training in San Antonio, TX to Biloxi, MS for technical training. I was then sent to Rome, NY where I worked on the navigation electronics on KC135s, B57s and C131s for 2 years and then on to Galena, AK where I worked on F102s, T33s and a helicopter and then was discharged in Anchorage on Friday the 13th December 1968. I returned to upstate NY and married Madalyn Gelfuso on February 15, 1969. I worked in the key punch machine assembly plant of Univac in Ilion, NY for about two years and then in the key-to-tape machines and high speed printers facility of Mohawk Data Sciences in Herkimer, NY for another two years. In early 1973 I joined a Columbus, OH based automatic process control company, AccuRay. They sent us to Snowflake, AZ and we lived in Show Low, AZ for a little more than a year. In mid 1974 we moved to Antioch, CA. That is where the moving stopped.

While here in Antioch, I continued with AccuRay until 1979 and then did some independent contracting work installing and maintaining data processing systems in large law firms until 1982 when I hired on at a Western Union facility on Market Street in San Francisco, CA. That facility was the western “switch” for all the Telex and Teletype machines on the west coast and Asia. While working there I was contacted by an ex-fellow worker and rejoined AccuRay in 1983. I stayed with them through their buyouts by Combustion Engineering and then by ABB until I retired on October, 31 2008. While with Accuray / C.E. / ABB, I had the opportunity to travel to various work sites all over the nation. From the Seattle, WA area to Valdosta, GA. From L. A., CA to upstate NY and various places in between.

In 1986 my wife, Madalyn, died of breast cancer. I was then in a relationship with Jan Eckert for 23 years and I am currently in a relationship with Marianne Franchetto.

It’s been an interesting adventure but I am now simply enjoying retirement! Signed Robert Kern

KINGSCOTT JOHN W 27 SOLDIER b England Occupation in 1850

Kingscott John W is buried in Warren Union Cemetery. He was an early Warren township official and was listed in the official 1850 US Census as a US soldier. In those days the life of a US soldier was often one of suffering and sacrifice. That is why he should be listed on a historical stone. Otherwise he will be forgotten. A family donated a beautiful memorial stone with his name and many Warren soldiers names. They had it placed at Warren Union Cemetery. It was the only memorial which named many of our Warren boys who served but have no marker elsewhere. That memorial was stolen by the Warren Hysterical grave robbing gang without just cause.

Kingscott John W. was Village clerk in 1869.

Kluck Anna wrote historical works but did not share or publish them

Kluck Barny vice president Senior Citizens Club

**Kluck, Anna** was a beautiful writer who wrote a 124 page book named *Pioneering in Warren Township*. She interviewed several old families and wrote their stories. She allowed a couple of the stories to be published in the *Star Reporter* newspaper. In looking for her work I have only found 16 pages of her text. Old timers informed me that she demanded money for her work and when the local historical society did not offer it she refused to share it. I have not been able to verify that. She was married to a Center Line photographer. What a shame that her work was withheld and now no one knows if she had children who might have the full text. If anyone comes across her work please contact me Wesley Arnold so I can publish it in her name and so future generations can benefit from the knowledge she obtained. The most famous section of her text was preserved from an article in the *Star Reporter* about Center Line. You can view that in my history of Center Line. I will summarize here what little I have found of her work. She states in a Preface that she interviewed Louis Busch who gave information about Busch School. And the sailing of his grandfather to this country in a wooden ship. Joseph and Barbara Wiengartz and Catherine Smith who told the story of St Clement Church. Dan and Joseph Grobbel, Dora Buechel for the story of the Buechel store and first Post Office. And she interviewed Frank Rinke who told his experiences of clearing the land and hauling logs. A very poor copy of a few 15 pages of her book included the following Table of Contents. Warren township, Indian and pre-Indian period. P1 Story of Warren township p 7. Pioneer Land Owners p10. Busch family Voyage p 16. The Weingartz Family p23. Anthony Grobbel Family p27. Pioneering in Warren township p30. Outdoor Ovens p33. The Groesbeck family p34. Gov Alex J Groesbeck p43. Dr Simonds, Pioneer Doctor p52. The plank road p58. Early Railroads p61. St Clement Church p65. Buechel's General Store p85. The Busch School p89. St Paul Church, Warren. P92. Center Line, Orgin of name 94. Village of Center Line p98. The Kaltz Family p123. Village of Warren p128. Her page 5 entitled the Last of the Chiefs is the story of Macomte. This material is found in other sources so this is not lost. He liked to drink and fell through a fence into water at night on the John Tucker farm. Here is a sample of Anna's writing at the bottom of page 5. "Cum-emkum-non was succeeded by his brother, Francis Maconce, an Indian of more than average intelligence, loved by his people and respected by the whites. His wife, a beautiful Indian woman,

dressed in the current style and fashion of the white women. She was wekk known locally for her neat home and delicious cooking and often played hostess to Judges Witheral, Sibley and Whipple when they stopped there on their way to St. Clair county.” Here is page 6 which is only a half page. “Francis Maconce made several trips out west to select a new reservation for his people and the bulk of the tribe followed him to the banks of the Osage river in Missouri in the years between 1830 and 1838. Meanwhile, Truckatoe, acting as a sub-chief, became dissatisfied and impatient and left with several members of the tribe for Lakeville in the early 1830s.” “But they are gone. Their wigwams have been replaced by prouder architectural monuments of brick and mortar. Their hunting grounds have been converted into cultivated fields, great cities and super-highways and the bones of their warriors and chiefs lie scattered in various places where once the red man was lord of the soil and rightful owner of the land we occupy.” (Anna Kluck Pioneering in Warren Township)

Her Chapter two is the exact word for word minutes of the first Warren Town meeting which she states was written in longhand in a well worn leather bound book kept in a safe in the township office. Her chapter Two also has a small list of the first land buyers. She also quotes a resolution regarding farm animals running at large. “Resolved that Boars shall be restrained from running at large between the 1st day of Man and the 1st day of November under penalty of \$5.00.”“Resolved that no stallion shall be allowed to run at large under penalty of ten dollars.” “In 1832 another interesting item appears in the minutes ' Voted that there be eight dollars bounty on wolves killed in the town. “ In Chapter Two she also mentions that Louis Beaufait was one of the first township officers and that his father was justice of the peace and associate justice of the Court of Common Pleas in Detroit and also held military offices in the militia. Louis Beaufait was a soldier in the War of 1812 and presidential elector in 1844.

See her narrative on Frank Rinke in this biography collection. Anna Kluck also noted that in Warren township nearly every back year was equipped with an outdoor oven which looked like a bee hive. Since most of the settlers were of foreign birth, they brought with them many tried and tested old country way of doing things. Baking bread in an outdoor oven specially constructed for that purpose was one of them. They were built of brick and lime mortar, measured abut four feet in height and two and a half in width. There were three compartments in each. The grates, placed a few inches from the ground, formed the floor of the baking compartment, which was about 18 inches in high. The space above was rounded on top and formed the flue through which the heat and smoke traveled to the chimney at the end. An iron door closed the oven. The fire was made with measured bundles of sticks set

directly in the baking compartment. Some housewives used wood especially cut into small sticks for this purpose; others preferred bundles of twigs. The same amount of fuel was always used so that the heat was always the same. When the last twig had burned out the ashes were carefully scraped from the grates and the week's supply of raised bread set in. After an hour the door was opened and the plump loaves of fragrant brown bread were removed. Pies and cakes were baked in the kitchen ranges, but bread, the staff of life, was trusted only to the outdoor oven. (Anna Kluck) Need More Information about Anna's writings and Anna

Lawrence "Pete" V. Kaltz, age 91, of Harrison, formerly Center Line, Michigan passed away January 7, 2014.

Lawrence was a **WWII US Army veteran**. He worked for the **Center Line School district** and also 25 years for the City of Center Line Park & Rec.

Listening to others and really hearing what they say is a lost art. Dad is truly interested in what others care about and truly tunes in to their conversations. A great example occurred when my brother in law listened to Petey describe in finite detail a local restaurant and the fish dinner they serve. The picturesque description went on for a few minutes followed by a short pause and then dad said, “course I have never eaten there but Jim told me about it!” My brother in law cracked up and called to share the story with me. This impressed me with the level to which dad tunes into all that others share with him.

My wife, Jessica, and I decided to relocate back to Warren early in my medical retirement process. We decided to rent our home in Williamsburg, VA, and she too separated from service (under honorable circumstances). She relocated 6 months prior to my retirement (living at my father's house in Warren), and secured a position with a company contracted to General Dynamics. Upon my arrival in February (2012), I began working once again in Steel Processing for Detroit Steel Processing. We purchased our home in Warren in May '12. After one year at Detroit Steel Processing I decided to enroll as a full time student at Baker College. There I have began working toward a degree

Today most people aspire to travel to far away places, live in magnificent houses, drive fine vehicles, and acquire new technologies. Dad delights in his home built by his family and paid for through his hard work, riding with his boys at dusk to look for deer, and a simple telephone to stay connected. The stories shared by family are often reiterated to other family members so that everyone can share each other’s challenges, successes, and current happenings.
