Who's Who in Center Line and Warren Michigan Area

Listed with their accomplishments if known.

**This should be expected of every adult and taught to every child and made the human law for all.
If harmers were punished, we could have a wonderful world.**

FREEDOM OF SPEECH AND MEDIA SAFEGUARD FREEDOM.

Our Constitution and Universal Declaration of Human Rights gives us many Freedoms. Where they censor speech, information and books they will take away your freedom.

FREEDOM ISN'T FREE, MANY DIED FOR YOURS. We veterans all of which gave some and many gave all remind you to: Be vigilant and be prepared to fight threats to your freedom. There are many here who are secretly against our way of life. Remember 9-11, Boston massacre, Detroit bomber, etc.

And there are the greedy 1% who have excessive wealth yet won't pay the 99% a living wage. And many corporations make big profits but pay very little taxes. But the wealthy and corporations need to pay living wages to workers. In America we have the resources to provide everyone with adequate good food, clothing, shelter, affordable housing, medical care, education, training for jobs, and employment. At this time in history poverty is unnecessary, and unacceptable. No child should be without adequate food, clothing, shelter, medical care and good education.

Automation is here like it or not. Machines with computers and AI are replacing humans now and this will happen to most jobs. We need to have the government put up solar panels nationwide to get free power

daily. Have the electric companies buy this free power and put the huge profit into a fund and then give every citizen an equal financial credit. This could provide at least minimum income for all citizens including children. All would still be free to work. Automation is already happening now and jobs are going to machines.

Wise management and science can solve problems. Why not have abundance for all?

In this Who's Who are listed young men and women, our brothers and sisters who have given their lives to pre-serve human rights and freedom around the world. We honor their memories and service. Some of them died in attacks such as did over 3000 innocent Americans in the 2nd WTC attack on 9-11 (the 1st was 2/26/93). Many more have been killed in additional attacks such as Boston massacre, mall bombers, road bombers, aircraft bombers etc. Remember the under-wear bomber over Detroit. (If his bomb hadn't fizzled hundreds in Detroit Area may have been killed.) Why have there been thousands of attacks (see Attacks in USA for actual list of attacks) on innocent people since 9-11 all over the world virtually all by members of the Terrorist Religion? This is an ideology which has been proven by their actions to be a growing threat to us, is anti-human rights, anti-equal rights for women, and anti US Constitution. Don't take our word for it just look at their actions in other countries. See for yourself at <http://www.thereligionofpeace.com/> Stop the killing. Stop the bombing. Stop the abuse of women. Stand up for freedom of speech and our Constitution. This is historically significant. Saving the lives of our children is important.

The following message from the grave stands out.

**DO GOOD WHILE YOU STILL CAN,
BEFORE ITS TOO LATE.**

**Behold and see as you pass by, as you are now, so once was I,
as I am now you soon will be, prepare thyself to follow me,
USE TIME WISELY WASTE IT NOT, AS SOON THIS TO WILL BE YOUR LOT.**

This book is not for sale. It is free to all. Note: This is a work in progress more needs to be recorded. All research is donated to our community without charge for the preservation of our history to future generations. The purpose is so that they can learn from it so they need not repeat the mistakes of the past and to preserve our Freedom.

Neenay, An Indian woman who saved the Governor's life. In 1820 The new governor of Michigan was Lewis Cass. He had a problem. It seems that rumors were being spread that Michigan was a swamp and terrible place to live. This had happened because surveyors had been sent out during a wet season and found many wet areas. He began a campaign to build roads, lighthouses, and he negotiated land treaties with the remaining Indians. He wanted to see for himself what the state was like so he on a 4,200 mile trip around the state. He and his men camped near where Sault Ste Marie is now located. He met with the local chiefs and asked their permission to build a fort there. They told him, no left the meeting and went over to a wigwam nearby and raised a British flag. Cass walked boldly over to the flagpole with only his interpreter, an Indian woman named Neenay. He told the chiefs thru his interpreter that no foreign flag was to be raised. Then he took the British flag down, stepped on it and removed it to his tent. At this point it was very likely that he would have been killed. But his interpreter who was the daughter of an Indian chief and who had gone to school told the chiefs that it would be unwise to kill him as it would bring in the American Army. And thru her another meeting was set up resulting in permission to build the fort and gifts to the Indians. Had there not been an interpreter or a common language another war would probably happened and thousands would have died. Humans need to communicate with each other especially in emergencies. Have you ever tried to talk to someone who does not understand English. What if your life depended on it? Relating it to today's world 90% of the world does not understand English now and will not learn it in our lifetime. If a few

people in each community would invest ten minutes a day to learning the international vocabulary, we could understand and be understood regardless of the local language. Why has it been mentioned here? Because it can save lives and save the US millions wasted in translating costs at the UN which all ends up in the trash within a short time. It has been scientifically proven to be the most time and cost efficient solution to the world language problem. And is historic fact that many people have died because of language nonunderstandings.

Neil, Gerald This man is one of my personal heroes. When I was 14 and got interested in history this man gave me one of his Warren histories which had been mimeographed. He was always a gentleman. Gerald was known to Art Miller township Supervisor and with Art's help held several positions in the City of Warren. While doing this Gerald researched and wrote a history of Warren. Since the Township books are now lost we depend on Gerald's history for much of the history of those days. He wrote two little books about Warren History and a book of maps. We owe him a debt of gratitude for his work. I am still trying to find a good picture of him. If anyone has one please loan me a copy so I can put his picture in my book honoring him.
